Introduction from the Chief Executive

As an organisation WDH is committed to improving the lives of its tenants.

As part of this we have developed these Customer Charter Standards – our Local Offer – which clearly sets out the level of services you can expect from us.

It was originally launched in the summer of 2010 when employees hand delivered a copy to each and every property. Following feedback, 95% of those who responded said it meets their needs as a Local Offer. However, since the development of technology and following further consultation at the Tenant Challenge Day in 2014, we have changed our targets to meet the needs of those we provide services to.

To ensure we meet the standards we have developed a robust monitoring framework which will clearly show our performance against each of the standards set – our pledges to tenants. Results will be published on a quarterly basis on our website www.wdh.co.uk, in our tenant newsletter, WDH News and in our Annual Report.

If you think we are not meeting any of the standards outlined or have any comments on the information contained in this Customer Charter Standards, please contact us on 0345 8 507 507 or email: communications@wdh.co.uk.

Kevin Dodd
Chief Executive

Customer Charter Standards

We aim to deliver the best possible services to meet your needs. To achieve this we have five principles for customer service which we apply to everything.

We will:

- complete everything right first time;
- make sure that all customers feel valued and respected, recognising individual needs and understanding differences;
- make sure that we and contractors we employ deliver our services in a way that does not discriminate against any individual or group either directly or indirectly;
- respect your confidentiality at all times and acknowledge your right to access the personal information we hold about you; and
- give you the opportunity to be involved in shaping the way we deliver our services and helping identify new ones.

All through this Customer Charter Standards you will see information in the right hand column. This sets out the standard of service delivery that you can expect to receive from us.

We will continually check to make sure that these service standard targets are being met.

Our aim is to advertise our available properties through Homesearch our choice based lettings scheme. This enables individuals to make informed choices about where they want to live.

General applications

To achieve this we will:

- have application forms available at our SAPs; you can also request one to be posted to you by phoning OneCALL on 0345 8 507 507, Homesearch on 0344 9 020 202 or through our website at www.wdhomeSearch.co.uk;

All Homesearch applications will be registered within three working days. All results will be published weekly.

The period when you can express an interest in an advertised property closes at 9.55 am on a Wednesday morning with the new cycle starting at 10 am the same day.

If you have been successful in being allocated a property we will:

- offer you the opportunity to view it accompanied by one of our officers;
- advise you of the standards the property will be let to;
- give you information about any work that is still to be done to the property and answer any other questions you may have; and
- tell you how things work such as the central heating, where the water stop tap and gas and electric meters and turn off valves are.

We will also ask you what format you would like to receive information about your tenancy.

This could include:

- CD;
- internet; and
- printed copy.

We will offer help if you have any other specific requirements due to disability or language barriers. If you accept the property we will make you a formal offer in writing. This will include details of the rent and any other charges and the date the tenancy will start.

If you accept the offer you will need to sign a tenancy agreement and complete any other documents that may be necessary.

When you do this we will also confirm:

- **Who you are**

This will include checking the documents you provided when you applied to become a Homesearch member; photographing evidence of appropriate ID; and taking a photograph of everyone who is signing the tenancy agreement. These will be held and used to detect future tenancy fraud.

- **Any lifestyle issues**

It is important that appropriate support is available at the start of your tenancy. To enable us to meet any requirements we will ask you a few simple questions about any:

- health issues;
- financial worries;
- training and employment opportunities; and
- support and development of young people in your household.

- **Any help needed to improve your independence**

Offer you advice about our Care Link service if you are looking for increased independence in your new home.

We will provide you with details of how to access the most recent copies of our publications which provide important information about us and your tenancy such as our:

- Tenants Handbook, which tells you what we expect from you along with a range of handy hints to help you with your tenancy; and
- Welcome to your new home.

Before we ask you to sign your tenancy agreement we will explain your rights and responsibilities. We will help you if you have any questions.

When you have signed your tenancy agreement you have become the tenant of your new home.

We will then help you to complete and sign a range of other documents including a Direct Debit application to pay your rent, a Housing Benefit application if appropriate and consent forms to help us support you with this application.

These and any other documents you will be asked to complete and sign are explained in your 'Welcome to Your New Home' booklet.

We will also make an arrangement for an officer to visit you at your new home within 20 days of the start of your tenancy.

This introductory visit gives both you and us the opportunity to discuss any issues about your tenancy.

Moving to a different home

You may wish to move to a different home and can do this in two ways.

- Apply to become a member of our Homesearch scheme, this process is explained on page 13.
- Apply for an assignment by way of exchange. We have joined up with HomeSwapper, a national home exchange provider. Their mutual exchange service is free to all qualifying WDH tenants and can be accessed through our website. If you need advice or assistance with this you can visit any SAP.
- When you have found a suitable exchange please complete and return the appropriate documents to us and we will let you know our decision within 42 days.

All new tenants will be visited after 20 days of becoming a tenant. Starter tenants will have a further two visits during the first year.

The outcome of all applications for assignments by way of exchange will be given within 42 days of receiving the request.

Money management

We expect you to pay the rent charged for the property you live in. As well as the rent for the property, you will be expected to pay any service charges, water charges or any other amounts, shown on your Rent Information Card.

We are working towards reducing financial hardship by promoting alternative low cost credit, affordable home contents insurance and other financial services including basic bank accounts and credit unions.

These services are promoted through our widely advertised 'Money Matters' sessions held in our SAPs and other convenient locations.

- advise you of how much you owe and the action we intend to take;
- provide you with appropriate levels of support and guidance throughout the process;
- treat you in a fair and consistent manner;
- consider making an appointment for you to attend an office interview to discuss any arrears and problems you are experiencing;
- where instalment arrangements are agreed, continually monitor and review the payments being made;
- put you in touch with various debt advice and counselling agencies in the district; and
- engage with specialist partnering agencies to try and make sure you sustain your tenancy.

If legal action is required to recover the debt you could lose your home. The costs of carrying out this action will be added to your rent account.

We will continue to recover the debt even if you leave the property or are evicted. This could include the appointment of external debt collection companies.

- arrange for a fire safety check on your home; West Yorkshire Fire Service can be contacted on a 0800 587 4536 their 24 hour freephone number - the local fire station will contact you within one week of a phone call to arrange a visit to your property;

Improvements to your home

Major improvements

We recognise that when we carry out major improvements to your home this will cause disruption to you whilst the work is being completed. To make this as easy as possible for you, we will:

- give you four months notice before the work is due and at least three weeks notice before the work starts;
- contact you individually so we can cater for any special needs you may have;

Special services

Living in a multi storey apartment

We recognise that our tenants who live in multi storey apartments, above three storeys, will have particular needs. We will meet these needs by:

- providing you with a caretaker who can give you advice and help in an emergency and give you information about services such as milk and postal deliveries - the caretaker will also keep the shared areas clean and equipment working correctly;
- maintaining an entry phone system to the main entrance so residents are in control of who they allow into the block; and
- making special arrangements with you when you are moving in or out of the block.

Independent living schemes

This service aims to help people keep their independence, with support in a safe, secure and clean environment.

If you are an independent living scheme tenant you can expect that:

- before we offer you a tenancy we will invite you to meet the scheme manager or one of our Community Support Team and look around the property;
- we will provide support 24 hours a day, every day through our Care Link service and individually agreed Support Plans;

All residents of independent living schemes will have access to appropriate support 24 hours a day.

- if you are vulnerable and would like to be contacted at the weekend, you can ask for contact to be made using your Care Link system (the scheme manager or Community Support Worker can arrange this for you);
- you and your visitors may be able to use available guest rooms for a small charge; and
- you will be able to use the shared laundry with washing and drying facilities, if there is one in your scheme.

Extra care housing

This accommodation offers additional services to independent living such as:

- a three course midday meal, every day; and
- domestic help for tasks such as vacuuming and laundry.

Adaptations

If you have a disability, long term medical condition or difficulty doing everyday tasks such as bathing or climbing stairs, we may be able to help you by providing adaptations to your home.

If you need a minor adaptation, such as a grab rail or additional stair rail, an occupational therapist will assess your needs. We will aim to do this within 28 days.

If you need a structural alteration to your home, such as the installation of a shower or a ramp to your main entrance, Wakefield Council will carry out the assessment. They will aim to carry out this assessment within 28 days.

When the adaptation requirements have been agreed with Wakefield Council, we aim to complete the work within 12 weeks of the referral being made to us. Where this is not possible we will aim to complete the work in six months. We will keep you informed of the progress at all stages.

If it is not possible to make the alterations to your home we will discuss alternative options including re-housing.

All adaptation applicants will be assessed within 28 days of application. All work Wakefield Council recommend will be completed within six months of the referral.

We do not fit equipment such as stair lifts and lifting hoists. However we will help you to apply to Wakefield Council for a Disabled Facilities Grant to pay for the installation through an approved contractor.

Buying or leasing homes or land

If you have a preserved right to buy or right to acquire and you wish to purchase either the freehold or leasehold of a home we will:

- provide you with detailed information and an appropriate application form within seven working days of your request; and
- make a decision on your application within four weeks from when we receive all relevant information and are allowed access to your home.

Our Shared Ownership schemes offer first time buyers the chance to purchase a new house, initially purchasing a share of the property and paying an affordable rent on the remainder.

Details about schemes to help you towards owning your own home are available through our website www.wdh.co.uk, from any SAP or through OneCALL.

If you make a request to us to purchase or lease a piece of land we own, we will:

- respond to your application within four weeks.

Application forms for buying or leasing homes or land will be provided within seven working days.

All applications for preserved right to buy or right to acquire will receive a decision within four weeks of the request providing we have all the relevant information.
