

Foundation Grant Scheme Terms and Conditions

Aims of the WDH Foundation Grant Scheme

The purpose of the scheme is to provide grants for people over the age of 16 living in our properties to improve their employment opportunities. A grant can be used to fund a college or training course, to buy equipment, or to pay for transport or childcare.

We support applications that meet our strategic aims of:

- supporting tenants to achieve their aspirations and ambitions; and
- ensuring a highly skilled, capable and resilient workforce.

We want your application to be successful, so please read all sections of this guide to check you meet the criteria and to give yourself the best chance of being awarded a grant.

What can a grant pay for?

The maximum grant awarded will be **£1,500** in a three-year period. You can apply more than once, as long as the total amount you apply for does not add up to more than £1,500 over three years.

Grants of up to **£250** can be fast-tracked within a few weeks to make sure you don't miss out on employment opportunities. To be considered for a **fast-track** award, you must give a reason for needing the grant before the next deadline. We cannot fast-track applications for requests above £250 under any circumstances.

Some examples of how the funding could be used are:

- to cover the cost of a training or college course to enhance career prospects;
- to cover the cost of transport related to training or education;
- to fund the cost of childcare to allow you to continue or begin a training course; or
- to pay for equipment needed to support learning and development.

Note

Course equipment must be purchased through your course provider.

Please note that we **cannot guarantee** to fund the maximum amount requested. In this case, or where the overall cost of your activity is more than £1,500, you will need to show how you will fund the remainder and that this will not delay your proposal.

What can't be funded?

Anyone who doesn't live in a WDH property, groups and companies may not apply. The Foundation Grant cannot be used to pay for:

- electrical equipment such as laptops, mobile phones or printers;
- running costs that do not relate to personal development, such as rent, rates, utilities, printing, stationery, salaries, insurance, postage, phone, broadband, routine repairs and maintenance, loans or interest payments;
- courses or activities that happen or start before the grant is confirmed or has already been paid for by the applicant – **no applicants can be awarded funding retrospectively**;
- driving lessons;
- training for commercial businesses;
- courses for individuals where there is evidence that a previous grant hasn't been used as awarded; and
- previously unsuccessful applications, unless the content or circumstances surrounding the application are fundamentally different.

Criteria for application

To be eligible to apply for a grant, you must be able to:

- provide proof of your current address;
- provide two forms of ID – this includes but is not limited to a driving licence, passport, utility bill, birth certificate, or council tax bill;
- explain what the grant will be used to fund and why it will benefit your learning and personal development;
- demonstrate how the grant will **help you achieve** your career or development goals and how this is likely to benefit you in the future;
- provide full details of the course or project as specified in the application form, such as quotes and costs, and course provider name and address;
- provide evidence in support of your application, including three quotes (whenever available and these can be within an email or a page printed from the internet); and
- commit to working with a WDH Community Employment Advisor where appropriate.

Where there is any breach of the Tenancy Agreement, including conduct or behaviour issues, your application may be rejected.

We do not accept applications from anyone who has carried out antisocial behaviour.

Applications from tenants in arrears are considered where those involved are working with WDH's Debt and Cash Wise Teams to address the issue.

Each application will be taken on its merits and assessed on an individual basis.

WDH and the Foundation Grant Panel reserves the right to refuse any application at its own discretion. Unsuccessful applicants will be notified.

Value for money

We are committed to providing value for money in all that we do. Doing this means that we achieve the most benefit from the money we spend. It's very important that in your application you show how you have thought about getting the best value for money. This is why we ask for three quotes for funding your project.

Diversity and Inclusion

We are committed to fair treatment and respect for everyone. We recognise the nine protected characteristics of sex, disability, sexual orientation, age, gender reassignment, race, religion or belief, pregnancy and maternity, marriage and civil partnerships, as defined by the Equality Act 2010. Your grant application will be viewed positively whoever you are and we can provide extra support – such as translated documents or the support of a Community Employment Advisor, if you need it.

Sustainability

As an organisation, we try to be a sustainable, responsible business by minimising our impact on the environment. To continue to reduce our carbon footprint, we encourage you to apply for local training and to travel sustainably.

Monitoring and Evaluation

If you're successful in your grant application, we'll contact you in six months to see how you're getting on and to check that the grant is being spent as described in your application form. This is a good opportunity to let us know if you are having any problems, or if we can help at all. If it's all going well, we'd love to hear about that too.

Please bear in mind the following important information:

- Monitoring and evaluation forms will be sent to you after three months and when your course is due to end and should be completed and returned.
- One of our officers may visit you to see how the grant has been spent and how you have benefited.
- Grants awarded must be used as specified in your application form. If there are any changes to the application once the award has been issued, you must let us know straight away. If the change means that the project is substantially different to the one you described in your application, the grant award will be reviewed and you may have to repay some, or all, of your grant.
- If there's any unused money at the end of your project, you must let us know and this should be repaid to us.
- Should the course provider dissolve, you should notify us and any unused grant should be repaid.
- If the development activity cannot be completed, you should notify us and ensure any unused money is repaid. Unused equipment provided by us may need to be returned.

How to apply

1. To apply for the grant please fill in an application form online at: wdh.co.uk/WDHFoundation/Apply/
2. After submitting your application, you will have **seven days** to submit two forms of ID and three quotes (where relevant). After this we will check that there are no problems with your tenancy. We will let you know if your application has been successful within one month of the closing date. Please ensure the course you want to undertake begins after the closing date, so we have time to present your application to the Foundation Grant panel and arrange any payments if you are successful. Making an application does not guarantee you an award or the total amount requested on your application, so please bear this in mind.

Note

Where an email address is provided this will be used as the primary method of contact. If you would like to be contacted by any other method, please state this in your application form.

3. If we do not hear from you within seven days, we will assume your application has been withdrawn and close our records. Applications received after the closing date will not be considered until the next window for applications is open.
4. If your application meets the scheme criteria, it will be presented to the Foundation Panel of tenants and employees who decide which applications to approve. It is important to provide as much information as possible to allow the panel to make an informed decision. If the panel believe further information is needed, they may delay their decision or reject the application.
5. For award requests up to and including **£250**, we may be able to **fast-track** your application if there is a need for the grant to be awarded before the next deadline. To be considered for a fast-track award, a reason must be given on the application. Fast-track awards will not be considered for requests above £250.
6. If your application is not successful, we will contact you.
7. If the Foundation Panel award you a grant, you will need to sign and return an offer form and accept the terms and conditions of the grant. On receipt of a signed offer form, funds will be made available to the third party supplier or course provider. Payment can only be made to a third party. Successful applicants must provide accurate payment information to ensure payment is not delayed.
8. Where grants are awarded, you may occasionally be asked to go forward with the second or third options from the quotes given. This is to ensure grant money is distributed more widely throughout the district and to a range of local course providers.
9. The WDH Communications Team may contact successful applicants to arrange appropriate publicity. Any publicity regarding the grant awarded must acknowledge WDH.
